

FAILURE BY DESIGN

And

Bradley Watmore

@ The 3Bs Bar, Reading
Friday 8th April 2011

Bradley Watmore opened the night with a strong, rough tone that got the crowd tapping along. His funny 'ladish' lyrics got fans singing along with his song *Lazy*. Bradley Watmore's set was a bit short but the entertaining songs he did play made up for it.

Handing the stage over to Failure By Design, who played an energetic set that left their fans wanting more! Failure By Design had a few technical issues through their set but managed to hold their song together well, playing with the crowd and telling them

that the problems were all part of the plan. The band ended their set with their new single which is available to download from their website.

Thanks to Dancing Stick Productions for holding the night and all the fans that came down and supported. We will sure to be hearing more from both the groups in the future; so watch this space!
